Children and Young People workers are embedded in community engagement and alongside our partners in Youth Justice. We provide 1:1 and peer support reducing harm of substance use to young people and the wider community. The team will also support young people affected by another's substance use. We work within schools, youth facilities and provide transitional support for individuals up to the age of 25 who are moving out of services, or those transferring into specialist adult interventions.

Our outreach and dedicated counsellors are embedded into Cardiff Multi Disciplinary Team (MDT) homelessness service providing responsive treatment and support across Cardiff. Working closely with other agencies to engage individuals who may have complex and unmet needs.
