

Partner Community Survey 2023

Welcome to our annual partner community survey. This process is really important for us to gather your views, experiences, challenges, ideas and hopes for the future, all together at the same time. This helps us build the community from what our people are saying.

Please take some time to think about and answer these questions.

Your experience and views are core to our future.

This survey is for services and partners who work with us alongside us or refer to us 😊
Thank you!!

1. On a scale of 0-10 how would you rate working with Recovery Cymru on the points below? (0 is very bad and 10 is very good)
