FINDING THE GOOD: SUPPORTING SMALL CHARITIES

Recovery Cymru is excited to partner with C3SC for the Finding the Good programme, an event designed to spark conversations about commissioning services in Cardiff. Together with local small charities and third sector groups, we'll be exploring commissioning models, sharing lessons learned, and discussing the unique value grassroots organisations bring to larger contracts.

This session offers practical insights into funding opportunities and challenges, helping small charities think through their finance models while advocating for fairer, more inclusive commissioning practices. We're thrilled to be part of this collaborative effort to support and strengthen our local charity sector.

MOST SIGNIFICANT CHANGE: EXPLORING PEER SUPPORT IN CARDIFF & THE VALE

Recovery Cymru is running a Most Significant Change (MSC) project, a storytelling-based 'lessons learned and evaluative process' project looking at the delivery of peer support in Cardiff and Vale, specifically from the perspective of the peer workforce. We are engaging with people and services involved in the delivery of peer support and the independent recovery community. Funded by the Cardiff and Vale Area Planning Board (APB), the project will help us understand the different types of peer support available locally, the difference it makes, the experiences of the peer workforce, and how we can protect and strengthen peer support. We'll be gathering insights from peer workers, services, and decision-makers through:

- Stories and selection panels to understand real experiences
- Co-reflection sessions to support peer workers
- A published booklet and learning event in April 2025 to share findings

Are you someone who has delivered peer support in the past 12 months? Is your organisation involved in peer delivery? We want you to get involved! This will include sharing your experiences and/or filling out a survey. Please contact Rebecca Cashman at rebeccacashman@recoverycymru.org.uk.

Let's work together to make sure peer support gets the understanding and recognition it deserves!

A FESTIVE SEASON TO REMEMBER AT RECOVERY CYMRU

What a time we had over the festive period at Recovery Cymru! Our stacked timetable was buzzing with energy, packed full of events and activities that brought us all together. From wellbeing meditations to designing our year ahead and making affirmation cards for 2025, we made sure to set a positive tone for the new year.

We also got hands-on with festive crafting, designing cards and decorations that transformed the Recovery Centre into a vibrant hub of holiday cheer. It was heartwarming to see so many of us coming together as a community, making it feel truly special.

But we didn't stop there! We headed out for some fresh air and festive fun with our loved ones during What's Out There??—our trip to St. Fagans to enjoy The Mari Lwyd & Hunting of the Wren performances, where we cozied up by the fire and embraced the magic of the season.

Our evening socials were a hit too, with Karaoke and plenty of nibbles filling the CAVDAS Peer Space in Cardiff and Barry, bringing joy and connection to our communities.

The highlight of it all? New Year's Eve! We stayed open both in person and online, ringing in 2025 together, watching the fireworks until 12.30am with so many of you. It was a moment to remember, and we couldn't have done it without the support of every single one of you who made this festive season so memorable.

A massive thank you to everyone who joined in, volunteered, and supported us through what can be a challenging time for so many. Here's to an even brighter 2025!

WHAT DO YOU NEED OR WANT FROM RC IN 2025?

We'd love to hear from you! Whether it's new activities, more support, or fresh ideas for how we can help you in your recovery journey, let us know what you're hoping for in the year ahead. Your feedback helps shape what we do, so don't be shy—share your thoughts with us!

BRISTOL COLLABORATION VISIT

Last week, Recovery Cymru welcomed a group from Bristol working to establish their own Lived Experience Recovery Organisation. They spent the day exploring our peer support model, programmes, and approach, with sessions covering our work with CAVDAS and the Family and Friends Peer Support programme.

The visit highlighted the value of collaboration and shared learning in recovery. Are you a LERO and interested in visiting us? Get in touch!

TOGETHER IN SUPPORT: WHAT'S AHEAD FOR FAMILY & FRIENDS IN 2025

We've hit the ground running this January, bringing the Family & Friends community closer together and supporting each other as we look ahead to an exciting 2025.

Our first Insight Session was a real hit! Jan Llewellyn from Pine Ward shared her invaluable knowledge, while our own Chad offered an inspiring, down-to-earth recovery story that had everyone laughing and learning. It was a wonderful mix of learning, support, and real-life experiences, and we can't wait for more sessions like this in the future!

Philippa from Adoption UK shared her feedback:

I found Chad inspirational, realistic, and hilarious. Jan was so knowledgeable and was able to explain things in such an accessible way. It was great to learn new, helpful information alongside our usual support for one another. Looking forward to more of these sessions!

MEET DAI

A CAVDAS PEER RECOVERY & AFTERCARE WORKER WHO'S MAKING A REAL DIFFERENCE

Dai's story is one of growth, connection, and a genuine desire to help others. Having experienced challenges with alcohol from a young age, Dai now uses his lived experience to guide and support others on their own recovery journeys.

"I've been working in many groups, including Relapse Prevention, Moving on in My Recovery, and various Peer Support Groups," Dai shares. "I also started two new groups—one on Friday afternoons and another on Monday mornings—driven by what our members were asking for."

Dai's dedication to the community is evident, especially in his involvement with the successful Cardiff CRP (Community Rehab Programme), where many participants not only competed but graduated, taking significant steps in their recovery. "It's incredible to watch people flourish. I've seen members who were once too nervous to attend groups now contributing regularly. Some even went on to join our volunteering programme, using their own lived experience to support others."

During the festive season, Dai created two hangout sessions in Cardiff and Barry, providing a sober environment for fun, games, and karaoke. "The sessions were a huge success and really showed the importance of creating these opportunities for connection," he says. "They were nights filled with laughter; everyone felt included in a safe space."

But it's not all been easy. Dai points out the difficulty in building a strong recovery community in the Vale. "While many come into the CAVDAS building, it's not an ideal space for fostering community," Dai explains. "There's a real demand for a dedicated recovery centre in the Vale, and I'm hoping we can make that happen."

Looking forward, Dai sees plenty of opportunities for growth. "There's a need for more social activities, and I'm currently trying to organise sober Six Nations sessions at the Recovery Centre," he says. "It's about making recovery a part of everyday life, and that includes fun and social activities."

The successes, though, speak for themselves. "The biggest win was the Christmas hangouts. It really cemented the need for evening sessions and showed that we can bring the community together in a meaningful way. Also, the fact that RC now offers weekend support is a massive step forward."

Dai's work has been a testament to what's possible when lived experience is used to support others. His focus on connection, growth, and joy is making a real difference, and as we move into 2025, we're excited to see how Dai and the community continue to thrive together.

Get Involved: If you're inspired by Dai's journey and want to be a part of the positive change happening in our community, we'd love to hear from you. Whether you want to attend a group, volunteer, or share your story, there's a place for you here. Reach out to us and join the movement!
